PART ONE

# 01. Welcome to the family

Who we are, who's in your corner, and how to get the most out of this guide.

Kristina & Andrew Watts, Agency Directors

A NOTE FROM OUR FAMILY TO YOURS

## We are so glad you are here.

Choosing to build a career in life insurance, especially with Watts Family Agency, is one of the boldest, most meaningful decisions you will ever make. It takes courage to bet on yourself. It takes vision to see what is possible. And it takes the right team around you to help you get there.

> *That is exactly what we are here to be.*

This guide is your roadmap. It is not just about passing exams or writing your first policy. It is about becoming the kind of person who shows up every day with purpose, protects families with confidence, and builds a life on their own terms.

We believe in the **#DoBoth** life. That means building a thriving business and a full life. Success and family. Income and freedom. You do not have to choose.

Work through every page. Do the checklist. Track your dials. Read the books. Show up to the calls. And, most importantly, stay close to the fire. The people around you are your greatest asset.

We are proud of you for saying yes. Now let's go build something beautiful.

*Let's go!* **Kristina & Andrew Watts** · Agency Directors

OUR MISSION

## At Watts Family Agency, we exist to empower agents to *#DoBoth*: to build a thriving business and a full life.

We believe you don't have to choose between success and the people you love. Our mission is to help you protect families, create lasting financial freedom, and become the best possible version of yourself in the process, so that the life you're building on the outside matches the person you're becoming on the inside.

SYMMETRY CORE VALUES

# What we stand on

01 Relationships matter, people come first

02 Relentless pursuit of personal growth

03 Open, honest, and productive communication

04 We do the right thing even when no one is looking

05 We work as a true team and strive to be a positive influence

06 We act like owners because we own it

07 Being of service and doing good in the world

08 We have fun and we get stuff done

HOW TO USE THIS GUIDE

# Keep the momentum

The next few weeks will be busy — there's a lot that needs to happen to get you contracted, productive, and profitable. Once you're through onboarding it's about settling into a routine and honing your skills. For now, focus on getting through every step as quickly as possible.

1

**Go in order**

Work through Part 3 step by step. Watch every assigned video and complete its action items.

2

**Follow along**

Notes here cover the agency-specific details. No note means the video has everything you need.

3

**One source of truth**

If it already lives somewhere else, we point you there — so you always get the latest version.

4

**Waiting? Get ahead**

Keep going in MPU, or watch Skills and Underwriting videos in the WFA video library.

PART TWO · DO THIS ON DAY ONE

# 02. Get plugged in

None of this waits on your license. Join the team chat, put the calls on your calendar, and start showing up.

STEP ZERO

## Join the Watts Family Agency Slack

Upload a profile photo — we use it to shout you out on the weekly agency slides.

THE MACC ROOM · ALWAYS OPEN

## Our collective workroom.

A place for community, training, and help — live dialers plus scheduled in-line trainings (weekly schedule on the Agent Resources page). Hop in, camera on, and start observing and learning.

*Who you spend your time with matters* — and in this room you'll be surrounded by some of the best in the company.

For a tighter-knit community, come find us in the **#DoBoth breakout room**.

YOUR WEEKLY CALL SCHEDULE

# Show up. Camera on.

**Association is worth $1 million**, and plugging in to agency calls is non-negotiable. Camera on, engaged in the comments. In your first few weeks, prioritize the **Watts Master Huddle** and **New Agent Activation**.

Most calls are recorded if you can't attend live — find them in the video library on the Agent Resources page.

NATIONAL CALL REGISTRATION

Register for the National Call here. Once registered, you'll get a unique link to join. **Do not share it** — using it logs that person in as you. Everyone needs to register individually.

PART THREE · WORK IN ORDER

# 03. The onboarding phase

Ten steps from passing your exam to dialing your first leads. Check each one off as you finish.

## WHILE YOU WAIT ON YOUR LICENSE

### 1 Set up a business email

Sign up for a dedicated business email — a plain Gmail is fine, it just needs to be separate from your personal account.

You'll be receiving a lot of email — from Symmetry, the carriers, clients, and us — and it's much easier if it's separated from day one.

☐ Step 1 complete

### 2 Register for Chris Leake MPU

Register for Chris Leake Mortgage Protection University and complete Modules 1–6 while you wait on your license.

| | | |
|---|---|---|
| MOD 1<br>Introduction | MOD 2<br>Mortgage Protection Quick Start | MOD 3<br>Personal Development |
| MOD 4<br>Understanding Mortgage Protection | MOD 5<br>Keys to Success | MOD 6<br>Principles of Sales |

☐ Step 2 complete

ONCE YOUR LICENSE IS ACTIVE

3

## Tell us your license is active

As soon as your license comes in, let us know and we'll send you the onboarding application.

> **GOOD TO KNOW**
> Despite what the application says, you do **not** need AML or E&O to complete it. You'll need both later for carrier contracting — FastStart Steps 3–5 walk you through it at the right time.

☐ Step 3 complete

4

## Complete FastStart Steps 1–18

Find your **Welcome to Symmetry** email and watch the HQ Orientation video inside it. Follow its directions to HQ, then head to **Fast Start**. Most steps are self-explanatory in the videos — the ones below have agency-specific notes.

> **DO THIS NOW**
> Bookmark the HQ page — you'll use it constantly.

### STEP 3 AML certificate & E&O insurance

Get through this as close to immediately as you can — carrier contracting can take 2–10 business days to return a writing number. Several carriers let you write under a guest code in the meantime.

**AML** — $15, about 10–15 minutes, via WebCE. **E&O** — you need a $1 million policy.

- Besides the carrier linked in Fast Start, we also recommend Next Insurance. CalSurance is the more straightforward application; Next offers a pay-monthly option.
- You don't need general liability or annuities (unless you already have annuity experience and plan to write them right away).
- The effective date must be today — not a future date.
- Your name must be the named insured. Not Symmetry, not your agency, not any other business name.
- E&O from another industry (e.g. real estate) won't cover you here.

> **Save both certificates** — you'll need them in the next step.

### STEP 4 SureLC profile setup

Pause and read the requirements for the EFT document — this is the bank account your commissions are deposited into. If in doubt, call your bank for their direct deposit form; you

don't need to order checks.

Getting the bank documents and signature right is critical to getting contracts approved the first time. Follow the instructions exactly.

> **As soon as you finish Step 4, text Andrew: 919-599-1639.**

STEP 5 **Carrier contracting**

After we review your SureLC profile, we'll create your carrier contracts. Each arrives as its own email — open each one, fill out the request, and submit.

> EXCEPTION
> United Home Life's request comes from **producerexpress@sircon.com**, not SureLC. Check Spam/Junk and Promotions. It usually arrives within an hour of your Welcome to Symmetry email — if you don't see it, let us know.

Contracts take 2–30 days depending on the carrier. As they come in, log in to each back office, bookmark it, and save your login. **You don't need every carrier to start dialing** — 5 or 6 is usually enough.

STEP 11 **Group chat (Slack)**

Already done — you joined in Part 2.

STEP 12 **Workroom (the MACC Room)**

Zoom 845 3610 3772 · PW grit. Being in the MACC Room is not the same as working — it's a shared space to work together, not to hang out all day. Hop in, camera on, observe and learn, and don't be afraid to pop your headphones in while you're working out or running errands to listen to seasoned dialers.

STEP 13 **Social media**

Want mentorship on using social media in this business? Get with Kristina. Follow her on Instagram **@the.kristina.watts** or TikTok **@thekristinawatts** for ideas.

STEP 14 **Call schedule**

Already covered — see the weekly call schedule in Part 2.

STEP 16 **Self-application**

Self-applications make you a product of your product. How can you sell something you don't believe in enough to get for yourself?

Message Kristina to discuss the best first product for your situation, and we'll send

instructions.

> **Once submitted, download a copy of the application** — you'll need it for the next step.

STEP 17 **Submit business to Opt**

We only use the free version — when the premium prompt pops up, close it or hit cancel.

The only time you don't upload an application to Opt is if it instant-declines on screen. Otherwise, all submitted business goes into Opt the same business day.

> Stuck and can't get it in the same day? Group-text both of us with the issue and the policy info (carrier, face amount, APV).

☐ Step 4 complete

## 5 Book your mentor call STOP HERE

Register for your first mentor call with Kristina before going any further.

> **Book your New Agent Checkpoint:** calendly.com/kkaywatts/new-agent-checkpoint

**While you wait for that call**, work through all of the following so you're ready:

- FastStart Steps 18–29
- MPU 7.1–7.5 and Module 8
- Register for Spam Hammer (free supplement in Part 5)
- Get into the agency portal — Step 6

☐ Step 5 complete

6

## Get into the agency portal

Register for the WFA portal. It's your home for tracking everything about your business — get in and get familiar with it.

### 90-day plan

Fill out your first one. You'll review it with Kristina on your mentor call.

### Activity tracking

Log your numbers and get your ratios — and it lets us see them so we can coach you.

### Policies

Business you put into Opt shows up here — every application and policy in one place.

### Leads

A simple lead manager. Skip setting up Funnel at first — if you want a digital lead manager, start here.

### Project 100

Your warm market list. Reach out to at least **5 warm market contacts daily** using the Flat Tire Script. Need help building the list? Think:

Family · Friends · Neighbors · Coworkers, past & present · Church / community · Kids' schools & sports · Social media followers · People you buy from · Gym / hobby circles · Business owners · Military veterans

☐ Step 6 complete

7

## Mentor call

Meet with Kristina. Bring something to take notes on — here's what we'll cover:

| | | |
|---|---|---|
| Your goals & timeline | What you've completed so far | Your schedule |
| Your plan for setting appointments | Lead strategy & weekly budget | Your questions |

☐ Step 7 complete

GO LIVE

## 8 Buy your first leads

**Leads are the lifeblood of your business.** Commit to a lead-buying day each week and get on a **standing lead order** as soon as possible. Follow the plan you set with your mentor.

| $300 | $500 | $1,000 |
|---|---|---|
| START · PER WEEK | NEXT | GOAL |

As a general rule, the most successful agents start at $300/week on MIB–MID or CIB–CID leads from Leadstream and move up as quickly as possible.

☐ Step 8 complete

## 9 Start dialing THE MOST IMPORTANT PART

Print out your script and get moving. The hardest part is picking up the phone the first time — so join the MACC Room and text your mentor to let them know you're dialing.

> **THE TRIPLE DIAL**
> Triple dial each lead a minimum of 3 separate times in the first week.
> **3 rings, hang up → 3 rings, hang up → 3 rings, voicemail or text → call again later**

**Track your numbers:**

| Dials | Contacts | Appointments |
|---|---|---|
| Triple dial = 3 | People you spoke to | Set on the calendar |

☐ Step 9 complete

## 10 FastStart 30–31 & MPU 9–15

Once appointments are on the books, finish FastStart 30–31 and MPU 9–15 if you haven't already.

### STEP 30 Appointment prep

The underwriting cheat sheet and preferred carrier list live on the WFA Agent Resources page. Review them to learn the underwriting process.

☐ Step 10 complete

PART FOUR

# 04. Culture & expectations

How we work, what we expect, and what winning agents do every week.

STAY CLOSE TO THE FIRE

## Your environment shapes your outcomes

The fire is the energy, the momentum, the community, and the culture of this agency. Stay close to it and it changes everything. Distance yourself and the cold creeps in fast. **Stay close. Stay burning.**

01

### Show up to the calls

The weekly calls are your lifeline. Consistent attendance is non-negotiable for agents who want to grow.

02

### Stay connected to your mentor

You weren't built to do this alone. Check in weekly, ask questions, be coachable — the agents who win fastest stay humble and stay connected.

03

### Protect your energy

What you consume mentally, physically, and spiritually matters. Read. Move your body. Guard your mindset. This business will test you.

04

### Celebrate every win

First dial, first appointment, first policy, first promotion — none of it is small. Share your wins; that energy is contagious.

#DOBOTH

You don't have to choose between a thriving business and a full life. Build the income. Be present for your family. *This business is you versus you.*

SYMMETRY STANDARDS

# The Four Cornerstones & the Four Keys

Print both and keep them at your workspace. Reference them regularly. If you're not succeeding, you're probably missing one or more of them.

WHO YOU ARE

## The Four Cornerstones

1. **Belief**
   In yourself, the service, and the system. Imitate before you innovate.
2. **Massive Action, Constant Correction**
   Pick up the phone. Seek counsel often — and actually ask for it.
3. **Commitment to self-improvement**
   Work on yourself as much as your business. Read daily.
4. **Associate with the right people**
   Plug into every weekly call. Distance yourself from negative influences.

Download from HQ ↓

WHAT YOU DO

## The Four Keys to a Successful Week

1. **Resources**
   Full-time: 70–80 leads/week (~$500+). Part-time: 40–50 (~$300+). A fresh flow every week.
2. **Activity**
   Full-time: 20+ appointments/week. Part-time: 10+. This moves you through the learning curve.
3. **Schedule**
   Master your schedule. Block your calendar with dial time and appointment periods, and stick to it.
4. **System**
   No one succeeds alone. Use your mentor and SFG's tools; keep everything duplicable.

Download from HQ ↓

MASSIVE ACTION, NOT MOTION

# Jump in, do it messy, do it scared. *We can only mentor movement.*

Don't be on calls just to be on calls. Don't train just to train. It's our job to help you clean up the mess and learn as you go.

10

FAMILIES / WEEK

THE ACTIVITY TARGET

## Present to ten families a week.

In the beginning this is your primary activity metric, full stop. **"Dial until"** is the operative phrase — there's no magic number, you keep dialing until you hit it. If a client no-shows, use that time to pick up the phone and replace the appointment.

GET A RUNNING BUDDY

## We work for ourselves, but not by ourselves.

Find a friend — or make one here — at the same stage as you to get licensed and run alongside. Not someone you're pulling along: someone to keep each other accountable.

PART FIVE

# 05. Tools & tech

Quility HQ is your command center, and FastStart walks you through everything inside it — Navigator, Opt, SureLC, and every carrier site. Here's what lives outside.

OUTSIDE OF SYMMETRY

## Three places to bookmark

### WFA portal

Track everything about your business performance — plus an activity tracker and simple lead manager. Paper and your phone work fine, but if you want something digital, start here. Skip Funnel at first: setup takes time we'd rather you spend dialing.

14 DAYS

KEEP OPT ACTIVE

Opt locks if you don't log in every 14 days — and when it does, you lose access to leads in HQ too (buying and viewing), even though HQ itself doesn't lock. Restoring access can take up to 24 hours.

BOOKMARK & SAVE PASSWORDS

For every site you run into in this process. You'll need most of them regularly, and hunting them down later is time you could be dialing.

PART SIX

# 06. Growth path

Everything up to now has been your foundation. From here on out, it's refinement of skills you already have — not new fundamentals.

CONFERENCES

## Be in the room

Our two semi-annual conferences are where the wider Symmetry community, top producers, and leadership all show up in one place — and they tend to be a real turning point for the agents who go. WFA agents can usually get a discount, but that's not the point. The point is being in the room.

EVERY SPRING

### Engage

EVERY FALL

### Ignite

TEAM BUILDING

## The best time to start building a team was yesterday. *The second best time is today.*

It doesn't matter that you're new — you already know more than someone you'll bring in, and we're here to help mentor them and mentor you in your mentorship. This job is always better with a friend doing it beside you. Building isn't for everyone, but if you want a team someday, it's never too early to start.

A FINAL NOTE

# Trust the process, the system, and your mentor.

We know this is a lot of new information and new skills. We're here to help every step of the way — and the best agents are the ones texting us and checking in regularly. Get in massive action and seek constant correction.

The only agent that fails is the one who quits while still in the learning curve. Take it one day and one dial at a time. Lean in to the Huddles, the MACC Room, and Slack. The next six weeks are your true cost of education. Get curious, not critical — and get excited to build your skills and protect a lot of families.

*Let's go!*
